PARDONS DENIED.

Morse and Walsh to Remain In Prison.

President Taft denied the applications for pardons of Charles W. Morse, of New York, and John R. Walsh, of Chicago, the two prominent bankers convicted and sent to Federal Prison under the national banking laws. The president's action does not mean that they must stay in the penitentiary until the end of their terms. Walsh began a sentence of five years in the Leavenworth penitentiary in January, 1910, and under the federal parole law is eligible for parole next September.

The president's action no bearing whatever upon future application for parole. Morse began his fifteen year term in the Atlanta penitentiary in January, 1910, also. In denying his application the president granted leave to renew it after Jan. 1, 1913. Under the parole law Morse would be eligible for release in 1915.

FEMALE PRISONER

Who Was Serving Jail Sentence Escapes.

Mayfield, Ky., May 24.—Mrs. Flora Rogers Avalo, a young woman who was serving time in jail on a misdemeanor charge, escaped from prison yesterday. Dr. J. H. McCrory had been summoned to the jail to attend a sick prisoner and as he entered the door, leading into the corridor the Avalo woman made a successful dash for liberty. So far she has eluded all pursuers.

She collided with the doctor, knocking him to the floor in a semi-conscious condition. Making a swift getaway from the jail premises she was soon out of sight.

A woman can't help admiring a man for doing the things which he ought not to do, even while she is telling him how bad they are for him.

As Organist and Choirmaster of St. Paul's Episcopal Parish, Cleveland.

Young Man Gifted With Unusual Musical Ability And Talent.

The following is taken from Cleveland Town Topics and refers to a popular young man who was born and reared in Hopkinsville: "Mr. Phelps Cowan has accepted the position of organist and choirmaster of St. Paul's Episcopal parish, in succession to Prof. Charles E. Clemens. Mr. Cowan was born in Kentucky, is quite a young man and is gifted with unusual musical ability, and his talent will be an acquisition to Cleveland."

For the past three years he has been the organist and choirmaster in charge of the music of St. Mark's Pro-Cathedral in Grand Rapids, Mich., and prior to that he was organist at the Pro-Cathedral in Chicago, and he comes highly recommended by Bishop McCormick, of West Michigan, who writes in glowing praise, both for his character and his musical achievements. At the time of his selection to St. Paul's parish he was offered a similar position in St. Anne's church, Brooklyn, N. Y. Every effort is to be made to make the music in St. Paul's the best of any church in the Middle West, and Mr. Cowan will begin his regular work on the first Sunday in June, but will come to Cleveland for the services at once."

Health For Sick Women

We know of no other medicine which has been so successful in relieving the suffering of women, or secured so many genuine testimonials as has Lydia E. Pinkham's Vegetable Compound.

In almost every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound. Almost every woman you meet has either been benefited by it, or knows some one who has.

In the Pinkham Laboratory at Lynn, Mass., are files containing over one million one hundred thousand letters from women seeking health, in which many openly state over their own signatures that they have regained their health by taking Lydia E. Pinkham's Vegetable Compound.

Lydia E. Pinkham's Vegetable Compound has saved many women from surgical operations.

Lydia E. Pinkham's Vegetable Compound is made exclusively from roots and herbs, and is perfectly harmless.

The reason why it is so successful is because it contains ingredients which act directly upon the female organism, restoring it to healthy and normal activity.

Thousands of unsolicited and genuine testimonials such as the following prove the efficiency of this simple remedy.
